Note: Others not mentioned in this data sheet shall be in accordance with maker standard.										
Above technical data are only design values and shall be guaranteed with tolerance of applicable standard.										
Inspection and performance test shall be maker standard, if not mentioned. * In case of Inverter-Fed Motor, performance data is based on sine wave tests.										
** Data is based on when the motor is supplied at rated voltage & frequency, and the data is expressed as a percentage of full-load value.
